Chat from the Chair:

September 9, 2008

Welcome to all members of ASQ Section 904.

This is going to be a challenging year for our section. Many of our members have lost their jobs or have had to change careers after many years in the same situation.

I hope that our section can assist you in your employment challenges. If the leadership committee can help by providing resume reviews, job contacts or any other assistance, please let us know.

We have an exciting program lined up for you. Our technical talks will deal with such items as quality system registration, health care quality, quality improvement programs, etc. A tour of a local crime laboratory is planned for December, where you can get the real scoop on CSI. In the spring we have scheduled another education meeting, where students from Purdue's School of Technology in Anderson will discuss their projects. We also will be awarding another scholarship this year to a graduating high school senior from East Central Indiana. If you know anyone who is interested, please have that student contact a member of the Leadership committee.

Again, at all technical meetings, we will have door prize drawings, consisting of your choice of a book on a Quality subject from Quality Council of America, or the ever popular POST-IT (tm) notes and other items supplied by 3M of Hartford City.

Our technical meetings are held on the third Wednesday of every month (except December) at the Sirloin Stockade in Muncie. Our Leadership committee meetings are held on the fourth Thursday of each month (except November and December) at the same place. You are welcome to join our LC and give us your input as to the direction our section should take in the future.

We are looking forward to serving our returning and new members.
