Chat from the Chair:

January 5, 2010

I extend New Year greetings to all members of ASQ Section 0904, your source of quality professionalism for East Central Indiana. I hope that everyone had time to spend with friends and family over the holidays. The year 2009 was a difficult one for many of our members but let's look forward to a more optimistic 2010. Come to our technical meetings and network with other quality professionals.

We tried to present a varied technical program last year and were able to bring in speakers from different manufacturing organizations, consulting firms, food service and the medical field. I believe that we all benefited from being exposed to the various quality tenets used at these organizations. The tour of the Muncie Crime Laboratory in December was particularly interesting as we were learned different uses of quality tools that affect the well being of individuals. There is a similar interesting technical program on tap for 2010. Check our web site for details.

We also awarded our scholarship to Michael Morris, who is choosing training at a vocational school. Our \$500 scholarship is open to any graduating high school senior who chooses to pursue further education. Details can be found on our web site (www.asq904.org) where an application may be downloaded. I encourage all members to inform high school seniors of this opportunity.

The Leadership Committee of ASQ0904 exists to support the members. We will be having elections early this year and welcome participation by anyone. New members are particularly encouraged to get involved.

I hope that many of you take advantage of the opportunities available through the American Society for Quality. Check the national organization's web site (www.asq.org) for information of interest to all members. If there is anything else that we can do, please let us know.

Sincerely,

Dr. Henry J. Peresie
ASQ0904 Chair 2009-2010.
